

**COVID-19  
DAY OF  
REFLECTION  
8 MARCH 2026**

### **Recognising the role of Community & Town Councils in Wales**

On Sunday 8th March 2026, there will be a UK wide Covid-19 National Day of Reflection for the Covid pandemic.

One Voice Wales would like to mark this day in a simple and respectful way by recognising the contribution that community and town councils in Wales, made during that period.

As part of this, we would really value hearing a short line from councils across Wales. If you are happy to take part, we invite you to send us a brief response (1-2 sentences) covering:

- **What your council did during Covid.**
- **What you are most proud of.**
- **How this helped your community.**

For example:

***“We delivered weekly food parcels and made regular welfare calls to vulnerable residents. We are proud of the volunteer network that formed, which helped reduce isolation and ensured people felt supported during a very difficult time.”***

We will use a small selection of quotes (with the council name) across One Voice Wales communications in the lead-up to the Day of Reflection and may feature some on our website as part of a short tribute page. If you have any photographs then please feel free to send them too, this is optional. There is absolutely no obligation to respond, again participation is entirely optional.

If you would like your council to be considered, please email your short quote to [colc@onevoicewales.wales](mailto:colc@onevoicewales.wales) or by replying to this email, by Friday 21<sup>st</sup> February.

Thank you, as always, for everything you continue to do for your communities.

**The One Voice Wales Team**
